

Attorney Docket: 225/50755
CAM No.: 95309.278

3. (AMENDED) The vehicle communications system according to Claim 1, wherein

- the functional component part is located in said another one front end unit or the multi-purpose platform unit, and

- the functional component part is assigned a stub component and the user-interface end part is assigned a proxy component for the communication between the functional component part and the user-interface end part.

(A copy of the marked-up version of amended claims 1-3 is attached to this Preliminary Amendment).

IN THE ABSTRACT:

Please substitute the new Abstract of the Disclosure submitted herewith on a separate page for the original Abstract presently in the application.

REMARKS

Entry of the amendments to the claims and abstract before examination of the application is respectfully requested.
